# PORTABLE

*Since 1982. Still Going Strong.*

*If you're after a proven reliable, extra-low power and versatile portable fridge, you're in the right place.*

*Bushman has been building the highest quality portable fridges and accessories for over 20 years. We don't make fridges to look fancy, we don't make them out of plastic, and we certainly don't include unnecessary gimmicks like wifi or Bluetooth. We believe a fridge should stay cold regardless of what you throw at it - and should always be at the temperature you set it to. To do this, we keep things pretty simple. After all, we believe that simplicity is the key to reliability.*

*If we're going to do something - we do it properly. If it works - we don't touch it. But if it breaks - we fix it straight away.*

*Welcome to Bushman Portable.*

## Roadie

### 15 LITRE FRIDGE / FREEZER

## Driving and touring

If you spend a lot of time behind the wheel or in a vehicle, this fridge is made for you. The Roadie is the perfect fridge to keep close and handy in your 4WD, RV, truck or heavy equipment. With a tall, narrow design, the Roadie is small enough to fit almost anywhere, but big enough to hold everything you need for a long drive. You can stand up soft drink bottles or wine bottles, and it holds up to 20 x 375ml cans. As with all Bushman fridges, the Roadie is best in class. It's made from powder-coated steel for supreme strength, has a premium quality cooling system and is backed up by Bushman's personalised customer service. And yes, you can even use the Roadie as a dedicated freezer too.

### FEATURES

#### Practical Storage

Holds 20 x 375ml cans  
Stand up 1.25L soft drinks / wine bottles  
Fridge or Freezer

#### Best in Class Design

## Original Bushman Fridge

35 LITRE OR 35 – 52 LITRE

### Driving and touring

Since 1998 our customers have thrown everything at this fridge. Rain - Hail - Sunshine, and it's still going strong. If you want a fridge that's extremely light on power and proven reliable for more than 2 decades, look no further. The Original Bushman Fridge stands the test of time, 20 years and counting. In 35L this is a great size fridge to use as your daily go-to, or as a true deep-freezer. At only 380mm high it fits easily in a tight spot, like under a bunk or in the back of a ute with a hard tonneau cover. Want more out of your fridge? Add a 35L – 52L Extension Kit anytime.

#### FEATURES

##### Reliable

- Steel construction
- 5 Year warranty
- Proven 20 years of use in Australia

##### Extra Low-power

- Extensive 360° ventilation
- Tubular style Condensor

##### Warranty

- Tie Down Brackets

##### 35L to 52L Extension Kit

- 10L Extension Collar
- 7L Dome Lid
- Medium Basket

## XD70

61 LITRE 3-WAY FRIDGE / FREEZER

### The base camp fridge

If you like to set up camp for a few weeks at a time in the one spot, this is a great fridge for your longer-term storage. Depending on conditions, the XD70 will run for up to a month on a standard 9kg gas bottle. And with 61L of space, you'll have plenty of room for everything.

Our customers have used the XD70 extensively on the banks of the Murray River, Fraser Island, Cape York and beyond. This fridge requires a stable, level surface to operate, so it's perfect for those long stints in the one place.

#### FEATURES

##### It's Tough

- Steel cabinet
- Steel carry handles

##### Super Efficient

- Runs for up to a month on a 9kg gas bottle
- Extra thick 80mm wall insulation
- Use as a fridge or freezer

##### Easy to use

- Piezo ignition
- Flame indicator
- Lift out & sliding basket

#### DETAIL

##### What's Included

- Internal basket
- LPG Gas regulator
- Stainless steel braided LPG hose

##### Warranty

2 Years Australia wide

##### Specifications

**Dimensions** W 655 x D 515 x H 685 (mm)

**Gas consumption** 285g / day

**240V input** 150W / 0.625A

**12V input** 150W / 12.5A

**Weight** 37 kg

# DC COMPRESSOR

*High Quality | Low Power | Amazing Value*

## DC-X SERIES

The new DC-X range of fridges are specially designed for built-in installation into caravans, boats, 4wd's and RVs. They are also a great fit for all off-grid situations. These are high quality, low power, beautifully designed fridges with a soft, matt black finish.

With a deep and narrow freezer design, these fridges have an outstanding amount of storage space and room for larger bottles.

You can install your DCX fridge flush mounted to your cabinet work, or with the supplied mounting kit.

## DC-L SERIES

For larger boats, RV's and off grid houses, our DC-L range of two door fridges are ideal. These feature wide door balconies, a large freezer, safety glass shelves and are available in a selection of finishes.

All DC-L models have powder coated finished sides, so they can be placed in a free-standing position or installed into a cavity using the mounting kit fascia.

# LPG ABSORPTION

*Without power... Never without a fridge.*

## XCD SERIES

Perfect for off-grid residences, farms, holiday houses and longer-term camping. Our XCD fridges are specially designed with a low power and efficient absorption cooling system. These LPG fridges provide an excellent solution to your off-grid or remote refrigeration needs and will run for up to 3 months on a 45kg gas bottle. All XCD models have powder-coated finished sides, which gives you the option of built in or freestanding use.

## XD SERIES

The XD series of chest freezers operate on both LPG and 240V AC. Our customers have used these models for a wide variety of applications including farms, houses, camp sites and bush blocks. If you need extra cold storage or are looking for an alternative to traditional AC power supply, the XD series is an excellent choice.
