

MILENCO

LEVELLERS AND STEPS

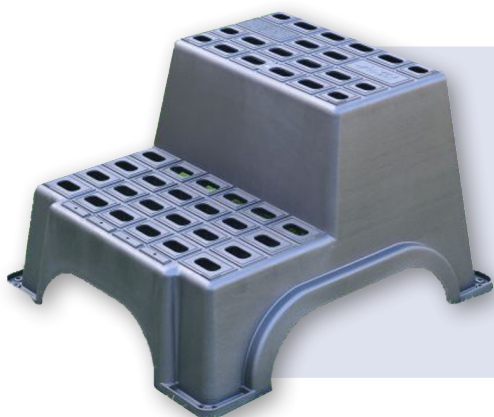

Milenco have the largest range of levelling products in the world, and an unrivalled reputation for producing high-quality and most effective levellers and steps. All of Milenco's products are designed to meet safety guidelines

MGI GIANT SINGLE STEP

450-01070

Has a giant tread area that still meets strict safety guidelines with a safe carry load of 200kg. The tread is non-slip, even when wet, with skid resistance and made using 100% recycled plastic.

Tread Size: 455mm x 363mm

MGI DOUBLE STEP

450-01072

Emphasizes safety with non-slip tread and highly skid-resistant upper tread surface for maximum safety. Includes four rubber feet and peg holes for use on grass.

Tread Size: 360mm x 220mm

MILENCO QUATTRO LEVEL PAIR

450-08002

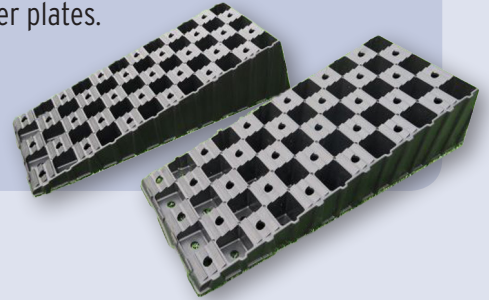

This Level lifts to 160mm with a lattice, high-grip upper tread surface and pockets the wheel at every height and features a solid base to stop sinking on soft terrain.

MGI WEDGE LEVELS (TWIN PACK)

450-08006

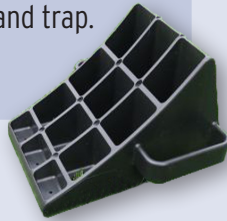

A lightweight and strong conventional wedge-shaped Level with 50% base and 50% top surface area. Leading edge removes the need for gripper plates.

MGI WEDGE LEVEL CHOCK

450-08008

An extra wide chock with side handles to reduce the risk of hand trap.

MGI WEDGE LEVEL WITH CHOCK

450-08010

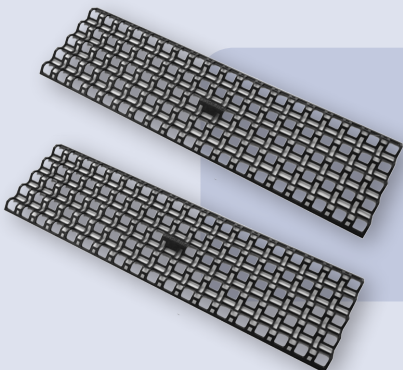

A pack that consists of 1x MGI Wedge Level and 1x MGI Chock.

STACKA TYRE SAVER (TWIN PACK)

450-08020

These heavy duty tyre savers feature a durable design and a solid base to prevent sinking on soft terrain. Suitable for twin, single and tag axles.

GIANT LATTICE TREAD GRIP

450-08022

Heavy-duty, extra large set of Grip Mats designed to provide excellent performance in wet conditions. Lattice design allows them to be linked together without being tied.
