Camper Van Stone Shield
(2150mm x 500mm)

450-06510

**Because sometimes life's journey can take you
down a different road.**

**Protect your RV, and prolong the life of its paintwork, by installing
a Stone Shield. Supplied as a flat pack, it is quick and easy to
install onto the a-frame of your caravan, campervan or trailer.**

Key Features:

- Stop stones (and other hard debris) from chipping, or potentially even denting, your RVs paintwork.
- Super easy to install onto your (100mm, 125mm or 150mm) a-frame
- Made from extra tough rip stop mesh (resistant to tears or rips)
- Includes two extra large rubber mud flaps to protect the undercarriage of your caravan, campervan or trailer.
